

NUMADIC QA ENGINEER TEST

PROJECT INFO:

Please go through the web app below and create an automated test report..

TASK:

- PFA the [application link](#) to be tested.
- Verify header text (JOIN OUR CREW)
- From the filter by dropdown, select 'Engineering'
 - From the job options, select 'QA Engineer'
- On the QA Engineer page,
 - Verify the page title as 'Numadic lot Pvt. Ltd. - QA Engineer in'
 - Verify the button 'I'm interested' and perform a click action
 - Verify validation for all fields (leaving notice period as blank, so that an application does not submitted)

Note: Use any automation framework of choice

SUBMISSION: Provide GIT repository link, Test result file via email

SUBMISSION DEADLINE: 1 day

BONUS CREDITS FOR: Using an input sheet, capturing screenshots, testing negative scenarios.

Thank you for your passion & interest to join Numadic's mission. We truly wish you the best and hope to work with you soon.
